- The design and implementation of The Lily Mae Foundation's programmes and activities

The policy lays out the commitments made by The Lily Mae Foundation and informs staff and associated personnel of their responsibilities in relation to safeguarding.

- Sexual harassment in the workplace – this is dealt with under The Lily Mae Foundation's Anti Bullying and Harassment Policy
- Safeguarding concerns in the wider community not perpetrated by The Lily Mae Foundation or associated personnel

What is safeguarding?

In the UK, safeguarding means protecting peoples' health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect

In our sector, we understand it to mean protecting people, including children and at risk adults, from harm that arises from coming into contact with our staff or support programmes.

Scope

- All staff contracted by The Lily Mae Foundation
- Associated personnel whilst engaged with work or visits related to The Lily Mae Foundation, including but not limited to the following: consultants; volunteers; contractors; programme visitors including journalists, celebrities and politicians

Policy Statement

The Lily Mae Foundation believes that everyone we come into contact with, regardless of age, gender identity, disability, sexual orientation or ethnic origin has the right to be protected from all forms of harm, abuse, neglect and exploitation. The Lily Mae Foundation will not tolerate abuse and exploitation by staff or associated personnel.

This policy will address the following areas of safeguarding: child safeguarding, adult safeguarding, and protection from sexual exploitation and abuse. These key areas of safeguarding may have different policies and procedures associated with them.

The Lily Mae Foundation commits to addressing safeguarding throughout its work, through the three pillars of prevention, reporting and response.

The Lily Mae Foundation will also accept complaints from external sources such as members of the public, partners and official bodies.

How to report a safeguarding concern

Staff members who have a complaint or concern relating to safeguarding should report it immediately to their line manager. If the staff member does not feel comfortable reporting to their line manager (for example if they feel that the report will not be taken seriously, or if that person is implicated in the concern) they may report to any other appropriate staff member. For example, this could be a trustee of The Lily Mae Foundation.

Protection from Sexual Exploitation and Abuse (PSEA)

The term used by the humanitarian and development community to refer to the prevention of sexual exploitation and abuse of affected populations by staff or associated personnel. The term

Safeguarding

In the UK, safeguarding means protecting peoples' health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect¹

In our sector, we understand it to mean protecting people, including children and at risk adults, from harm that arises from coming into contact with our staff or programmes. One donor definition is as follows:

Safeguarding means taking all reasonable steps to prevent harm, particularly sexual exploitation, abuse and harassment from occurring; to protect people, especially vulnerable adults and children, from that harm; and to respond appropriately when harm does occur.

This definition draws from our values and principles and shapes our culture. It pays specific attention to preventing and responding to harm from any potential, actual or attempted abuse of power, trust, or vulnerability, especially for sexual purposes.

Safeguarding applies consistently and without exception across our programmes, partners and staff. It requires proactively identifying, preventing and guarding against all risks of harm, exploitation and abuse and having mature, accountable and transparent systems for response, reporting and learning when risks materialise. Those systems must be survivor-centred and also protect those accused until proven guilty.

Safeguarding puts beneficiaries and affected persons at the centre of all we do.

Sexual abuse

The term 'sexual abuse' means the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.

Sexual exploitation

The term 'sexual exploitation' means any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another. This definition includes human trafficking and modern slavery.

Survivor

The person who has been abused or exploited. The term 'survivor' is often used in preference to 'victim' as it implies strength, resilience and the capacity to survive, however it is the individual's choice how they wish to identify themselves.

At risk adult

Sometimes also referred to as vulnerable adult. A person who is or may be in need of care by reason of mental or other disability, age or illness; and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation.
